

Supplies for 5th and 6th Grade

A binder will be used for all students. You may purchase your own OR we will provide you with one. If you choose to purchase your own, please be sure it is between 1 and 3 inches. We suggest the Better Binders from Staples

You may purchase any binder of that size, but be aware that it will need to last the entire year. We have used the better binders in the past and they hold up well. There are designs that can be purchased in-store that are not shown on-line.

If you do not have a binder on the first day of school, one will be given to you.
