

**UPDATE
FROM THE
GUIDANCE OFFICE
2018**

January 12

**MORE INFORMATION REGARDING THE FOLLOWING IS
AVAILABLE IN THE GUIDANCE OFFICE:**

SALT TEAM - Lourdes Regional High School is a community brought together in response to the Gospel of Jesus Christ. We seek unity through affirmation, and integration of our gifts and talents for service. Acknowledging that our students are all children of God, the school community challenges them to full development of their talents. Along the way, some students develop difficulties related to drugs, alcohol, and/or mental health issues. Recognizing these possibilities, this school community supports a **Student Assistance Program** to help identify such students. The heart of the program is a **Student Assistance Team Known as SALT (Student Assistance – Lourdes Team)** which is a core group of school personnel specially trained to work with these students. Since students cannot fully enjoy and appreciate God's gift of life unless they are experiencing good health and total fitness, the SALT Team intervenes and, if necessary, refers students at risk to appropriate personnel or agencies. The intervention is made in the hope that such students may once again come to appreciate the gift of life and utilize their many talents for the benefit of themselves and others.

The heart of the SAP (Student Assistant Program) is the SALT Team comprised of administrators, counselors, teachers, and the school nurse. The team is specially trained to identify and help students experiencing problems related to alcohol and drug use or who are at risk of suicide and other mental health problems. It is not the function of the SALT Team to diagnose or treat a problem. The function is to identify patterns of behavior which is associated with a problem. When such patterns are discovered, the student is referred to in-school personnel or to appropriate community services.

For more information about the Student Assistance Team, please call Mrs. Gilger in the Guidance Office.

The Advance College Experience (ACE) at Bloomsburg University is designed for college-bound high school juniors and seniors who seek to “jump start” their college career by earning college credits. Bloomsburg University offers a selection of courses intended to supplement high school offerings and to expose students to the academic environment at the college level. Students save 75% of the tuition. Typical offerings will include courses in exercise science, composition, psychology, history, public speaking, political science, language, music, biology, chemistry, mathematics, and geography. For more information call 570-389-4824 or visit www.bloomu.edu/ace.

Luzerne County Community College’s Young Scholars Program - Qualified Juniors and Seniors can take college courses at Luzerne County Community College through the Young Scholars Program and take advantage of a reduced rate on tuition. Deadline is February 15, 2018.

NCAA – National Collegiate Athletic Association – Many college athletic programs are regulated by the NCAA, which has established rules on eligibility, recruiting, and financial aid. If a student is planning to enroll in college as a

freshman and wishes to participate in Division I or II athletics, he or she must be certified by the NCAA Initial Eligibility Clearinghouse. The process of certification should begin at the end of the Junior year in high school. NCAA requests that students apply online at www.eligibilitycenter.org. It is necessary to send ACT or SAT scores to the Clearinghouse directly from the testing agencies. The code for NCAA is 9999.
